Welcome! You received this newsletter because you are registered for More Things On a Stick, A Library Learning 2.0 Program sponsored by the seven Minnesota multicounty multitype library systems. This weekly newsletter will offer encouragement, tips, new tools related to the Things, and other ideas as they arise.

→ More Things Begins

More than 350 people have registered for More Things On a Stick. Many are refreshing their blogs from the original 23 Things On a Stick program, while others have launched new blogs. Check out these blogs for inspiration. Much progress has been made--people have added cool widgets, great photos, and more.

Show your More Things On a Stick participation with a sticker. You can put this 4x3 sticker on your laptop, your car, your notebook, or just about anywhere. To get your sticker, send a self-addressed, stamped envelope (.42) to:

More Things Sticker

Metronet
1619 Dayton Ave. Ste. 314
St. Paul MN 55104

If you stick a note in saying how many people in your library/branch /media center are participating, we will send them all in one envelop. One per person, please, while supplies last.

→ Comments, Please!

One of the most frequent responses in Rounds 1 & 2 of 23 Things On a Stick was the wish for comments on blog posts. Everyone wants feedback--even just a quick response--on their work. We encourage you to read other blogs from the More Things lists on the wiki (find them on the sidebar) and take a few minutes to read and respond. Not only might you learn something new from someone else's blog, you will build the More Things community. If someone does take the time to read and respond to you, pay it forward by not only reading and responding to her/his blog, but to another one or two, as well!

Have fun doing More Things On a Stick. Feel free to pass this newsletter on to your colleagues, family, and friends. Email questions to minn23@gmail.com.

The Minnesota Multicounty Multitype Library Systems

This statewide program is brought to you by Minnesota's seven multicounty multitype library systems (multitypes). The multitypes improve library services by promoting & facilitating cooperation among the academic, public, school library media centers, & special libraries within their regions. This program is part of the professional development that all of the multitypes provide for the library staff of their members.
